Hi All,

It's now only weeks away to the Brisbane Marine Australia Day 8kg Tournament, so get your teams and entry forms sorted. Details are in the Tackle Box, but are also available on the website (as is everything else you'll ever need to know). There's a few out there, so this one is shaping up to be a ripper tournament, with a heap tagged. Thanks to Albert and Pauline for helping us out again.

Our Christmas weigh-in was a washout, however we still had a great turn out. As usual Janine came through with the goods - thanks again for the awesome cakes and sweets. There should be a few photos in here somewhere to see all the fun we had. A huge thanks to Mark and Nikki for helping Santa organise the presents, and to Santa himself.

Don't forget the ANSA Interclub at Bjelke Peterson Dam on the weekend of the 4th/5th February. Spots are filling fast, so let one of the committee know if you are coming along.

I hope you've all had a wonderful Christmas and end to 2016 - all the best for 2017 guys... let's make it one to remember with a heap of club outings and get-togethers, even more fishing and fishing tales.

Looking forward to catching up with everyone at the meeting.

Keep a bend in it.

CONSULTING

Wow what a great way to finish the year! Our final weigh-in and Christmas barbeque was a memorable one.

Once again the weather "rained down" on us, forcing us to share the deck with our sailing club friends and a few others. Unfortunately we were not able to fire up our Barby, but had to endure the wonderful aromas coming from the other end of the deck. Luckily some of ladies had prepared some nibbles and lovely sweets so no one starved.

Santa still managed to show up, to the delight of the children and some of the bigger girls who sat on his knee. The presents were fantastic, with our Club Captain and his wife Nikki doing a great job. It was great to see some of the children's reactions.

I even had to weigh a couple of fish. Carlos brought in a live Bass, which he later released, though unfortunately it didn't survive. Mick King weighed in a snogger of a Bass, going 2.17kgs, to take out the money this month. No offshore species were weighed, so there will be a good jackpot for our January weigh-in. Let's all hope we get some good weather!

A happy New Year to everyone. I hope we catch a lot more fish in 2017.

Tight lines.

To win the money for the monthly nominated fish inshore or offshore species, simply weigh in the heaviest **Yellowfin Tuna** or **Dart**. All fish weighed, regardless of whether they are in for the 'fish of the month' must be labelled with the angler's name and line class. To receive double club points, fish must be tagged or caught on the Club Weekend only and the cards correctly completed and handed in or fish weighed in at M.B.B.C. from 3.30pm to 4.30pm on the Sunday. Prizes for the heaviest 'fish of the month' will be awarded at the following club night.

Remember, club fishing weekend starts on midnight on Friday **13th January**, finishing on **Sunday 15th January** with a weigh-in and barbeque at 3.30-4.30pm. A special code for Club Weekend will be issued on the Friday, and this should be displayed with photos of any catch-and-release fish. This month's species are **Yellowfin Tuna** and **Dart**. The next **Club Meeting** will be held on **Tuesday 10th January at 7.30pm** at the MBBC.

Dear Yvette,

We are delighted to have Bill Byrne back as the DA&F Minister. Please give him your full support as he works to deliver Labor's Sustainable Fishing Policy. According to the most recent Fisheries Qld phone survey we have 405,000 recreational anglers who choose to go fishing in the Moreton Bay Region each year. Many of these anglers supported Labor last election because of their Sustainable Fishing Policy. Fisheries Qld have held talks with both the commercial sector and the recreational sector in addition to other stakeholders to negotiate how to install a net free area in the Moreton Bay Region. They have said that it would cost about \$12-15 Million to buy out the gillnetting in the region. Gillnetting is no longer acceptable in the Moreton Bay Region because of the indiscriminate nature of the apparatus which in addition to fish also catches turtles, dugong, dolphins and even whales. Fisheries were keen not to shut down the profitable fishing methods such as trawling, pot crabbing and tunnel netting (except for sensitive areas) as well as the ocean beach mullet fishery.

Over half of Queensland's recreational fishing takes place in The Moreton Bay Region which occupies just 3% of the Qld coastline. The social and economic benefits resulting from the removal of gillnetting from our region will result in the stimulation of the recreational fishing spend and associated GST receipts. Please support the cost of buying back the gill net licences in the Moreton Bay Region.

On the subject of infrastructure for the 80,000 registered boats in Moreton Bay.

- Our boat launching ramps should be deep enough (some dredging may be required) for all tide access and have a floating walkway positioned so the boat and crew can clear the ramp quickly allowing for the next boat launching without delay.
- Additional material for Turner Artificial Reef at Scarborough is a great idea which would be welcomed by the MBBC and boat anglers who are not confident to go long distances out into the bay to fish.
- Extra boats for Tangalooma wrecks would be a popular initiative because this is the most used safe anchorage in Moreton Bay Region. Many boaties expressed their disapproval when the rusty superstructure on the old wrecks was cut down by Marine Parks recently for safety reasons.
- A break wall is needed at Bulwer to provide a safe anchorage at the top end of the bay as this area is very exposed in a storm. The Bulwer safe anchorage could be named in memory of Andrew Thwaites a top fisheries manager who tragically lost his life while scuba diving outside Moreton Island earlier this year.

We sincerely appreciate the support you have given us and look forward to continuing to work with you for many years to come.

Yours Sincerely,
Jeff Ahchay

Our Club is participating in the above challenge - it is open to all ANSA members free of charge. It will be held at the Bjelke Peterson Dam on the 4th and 5th of February 2017.

The Club has booked 6 powered sites at Yallakool Camp Ground at Bjelke Dam - sites 50 / 51 / 52 / 53 / 54 / 55 and some have been allocated already. There are unpowered sites close by if you don't want power, and tents can be pitched on the powered sites. The minimum deposit required when you ring to confirm what nights you want is \$26.00. It will be first in best dressed - it may fill up early as it is going to be a big weekend. There are also some limited cabins available. Don't forget to mention you are in the 'Redcliffe Peninsula Game & Sportfish Club' group. Here is the park link: <http://www.yallakoolpark.com.au/>

If you are interested in joining us please go ahead and book and advise Noel Day noelday@optusnet.com.au or Greg Skinner at gregory.skinner@menziesaviation.com

It will be a great weekend and a chance to not only be involved in an A.N.S.A. competition, but get to know each other better.
