BOAT CLUB

Next Club Meeting
will be on the 9TH February 2022
starting at 7pm

Chairman's Report

Although January saw the billfish show up in numbers, there has been a lack of other game fish being captured.

Matt Kroll fished the Bribie Island tournament of champions. He managed to tag 1 fish himself well done Matt, they saw plenty of fish but were unlucky not to get more tagged.

Our January Australia Day Billfish Tournament has been run and won thanks to the Committee for all their hard work. We had 11 boats participating, we had 48 anglers, made up with 7 Ladies and 5 Juniors. Congratulations to all the winners, the weather Gods didn't help us out this year unfortunately which meant the Committee had to make the decision to only have a one day shoot out on the Sunday. There was plenty of fish around with 12 Billfish Tagged making for some healthy competition. There are still plenty of local tournaments for our clubs to compete in, details of dates in the Date to remember.

Our next major event the club will be running is the ANSA South Queensland interclub Challenge May 20 – 22nd. Last this event saw clubs from all over SE Qld participate and our members taking out some of the major sections. Details to come.

Stay Safe on the water

Noel

Club Captain's Report

G'day all,

It's been a hard month for fishing with all the weather we have been having. The club still managed to run a good Simrad Redcliffe Australia Day Billfish Tournament despite the weather. The event became a one day shootout with a good number of boats and people fishing, thanks to the tournament committee and our sponsors.

The club will be hosting this year's ANSA Sth QLD Interclub Challenge in May from the 20th to the 22nd, we are in the process of organizing the event and will have more details very soon.

Fish On!

ANACONDA

In the Champion Club category, we are still sitting in 6th position behind Hinchinbrook and Kingaroy with 35 species. Slowly building our tally each month. Bundaberg SFC are leading on 106 species. In the Champion Individual Junior, Diego Zambrana is well in the lead there. Nice work young fella. If you visit the website, you can see pics of his fish and Sharks.

One of the next events will be the STH QLD INTERCLUB CHALLENGE hosted by our club. This will be held on the 20th to 22nd May. Kingaroy SFC is the current Champions after winning last year's event by a whisker. I hope all our ANSA members can get involved as the score is a tally of all our members' capture results. There is no entry fee.

If you are keen for a fishing adventure, The NORTH QLD CHAMPIONSHIPS will be held on the weekend of 29th of April. All ANSA members are welcome. Details on the website.

Put in a date saver for the Kingaroy Fishing Festival. This event runs from the 30th of September to 2nd October. I am sure a group of us will head up a few days earlier and make the most of it. The festival includes fishing competition, dinner, yearly awards presentation, and AGM. Kingaroy are always great hosts and will organise this shindig in typical bushy fashion. We'll get some up-to-date fishing reports prior to the festival. Target species will be Bass, Yellowbelly and Toga I believe. I have never fished there.

If anyone has any suggestion on what branded merchandise they would like to see in the ANSA online shop, please let me know for our next executive meeting.

Also, I have a new sounder on my boat, a Lowrance 9 Elite FS which I am learning to use. As you know I like my freshwater dam fishing and have been using the C-MAPS Genesis Social Maps which you can download for free. They have maps for most of the regular dams we like. I found them so useful for trolling as it helps me stay in the water depth I like and not run into shallow and weeds that you are trying to avoid. I get excited when I learn some technology that helps my fishing. If you want any more info just let me know or if you have some tips.

Cheers. More tips on page 6

Tight Lines

Big Mick

QGFA Report

Hi members.

The Billies have finally arrived, from small “rats” through to good sized Blacks. They are being caught from the Trench in the south to the Northern banks off Mooloolaba. The area around Luna Park being a hotspot at present. Unfortunately, the weather hasn’t been so kind with plenty of wind and a bit of rain. When it’s a good day people have been heading out with some good results. Our Coca Krolla has tagged a few with young Ryley now an old veteran.

Our Simrad Redcliffe Australia Day Tournament has been run and won. Again, the weather wasn’t the best but running it as a one day shoot out on the Sunday proved successful with not too many people complaining about the conditions (15 to 20 Knts and a bit of sloppy swell). I won’t list all the winners here as I’m sure they will appear elsewhere.

The dinner for the Trophy Presentation was superb with great prizes, what could go wrong. Well, a couple of things did go wrong with Dq’d fish and a couple of minor errors but all sorted and overall it was a great tournament. Again, we must thank Madeline Eagle for the tremendous job she did organising and running the Tournament. Thanks to Noel for his support and the rest of the committee and helpers.

Bribie Is held their Tournament a couple of weeks ago over two weekends due to the weather. They had 7 boats competing including our Coca Krolla. Not a lot of fish tagged but a fun tournament by the sounds of reports I’ve heard.

Details for other tournaments coming up can be found on the QGFA website.

Tight lines, Ralph

Weighmasters Report

I can't believe we are getting ready for our February Weigh-in and Barby in a couple of weeks. This year is beginning to fly by. Last month our Sunday 17th January weigh in didn't see any "fish of the month" weighed so the prizes this month will Jackpot with a Mackerel worth \$250 and a Cod worth \$100, remember to check the size limits for Qld as they must be legal size to collect the money. It was a quiet afternoon as many members were still on holidays but we did welcome some new members.

Let's aim for a good turn out for Sun 13th Feb, bring the family and/or some friends down for a sausage and a chat.

Hopefully the weather will be good and I might get to weigh some fish.

Tight lines. Ralph

Kingys Fishing tip

People join fishing clubs to improve their capture rates, find new spots and meet like-minded people to talk fishing and boating. Our club is no different. It is wonderful to have a BBQ and win a few trophies but mostly, we like catch fish and have adventures that involved the water.

You need to remember, club members like to hear your fishing but only to extract information, so that one day, they might be able to use that information to bag a fish. Some people like to give no secrets away –

Mid January afternoon session . Last of the run in
