Chairman's Report

G'day all,

our AGM is being held on the 9th of August and we still need members to put their hands up for the positions of Treasurer and recorder.

Thanks to Carlos for his time as Recorder and Scott for stepping in to take on the Treasurer job for the last few months.

The presentation night will be on the 26th of August please get your forms and payment for your dinners in ASAP. It will be a great night with live entertainment, drinks and stories and we find out who takes out the honours for last year and who will win the coveted toilet award

Club Captain's Report

At the time of reading this,

we should be less than one week to go on the Pearl Perch and snapper closures. Apart from chasing down a few whiting and tailor locally, I've been getting the errands around the house done so I'm free after the 15th August to make the most of our great snapper and pearl perch fishery once again.

In other news, the QGFA AGM has been and gone and thanks to Brad for representing us in Cairns this year. I am sure that Brad will give a fuller rundown at the meeting, but it was great to hear that 1984 billfish were tagged this year which shadowed the 847 billfish that were registered as tagged last year. This is a great sign of the health of the pelagic fishery we have at our doorstep as well as the level of anglers participating in this great sport.

Whilst we contributed to this number, it would be great to see even more of us getting out there and mixing it up with the other clubs when it comes to tagging billfish. Keen anglers like Diego have shown that you don't need a Riv to get amongst it.

Finally, it's AGM time at the next meeting and I have to be interstate for work, I will use this opportunity to thank the existing executives and committee members who have worked so hard behind the scenes to make our club what it is today. Good luck to any and all of the new nominations as well as the positions become vacant once again. As much as the volunteering can be time consuming at times, the sense of camaraderie and enjoyment at providing for everyone within our club is also a rewarding experience that everyone should experience at least once. Hint hint! 😊

Tight lines,

Matt.

August Report

Hi Fishos , Champion Club competition update, we are off to a slow start in 4th position with 18 species, but it is very early days. Cairns SFC have the yellow jersey. Remembers to positive id your submissions, don't just guess. Use the chat group if you need assistance.

I was recently asked the question why our ANSA QLD membership fees are higher than NSW fees. It has to do with the insurance set up. The NSW membership fee are just membership only and have no insurance component added. In ANSA QLD there is liability insurance component included. There are pros and cons for both pricing methods. Probably the biggest one is, in QLD it allows small clubs coverage at a reasonable rate.

Reminder: there are some changes to the Eligibility Species List and Trophy sizes so please just log on and have a look for yourself.

Next ANSA event is the Fishing Festival to be held a Maryborough, on the October long weekend. There are still accommodations available and cheap too. So far, the only members I know that are attending is Vaughn, Frank and myself. If you haven't fished this area before, this is a great opportunity if you need an excuse. I spoke to Dean from Maryborough Club, and he expects the fishing has been excellent in the river for King Salmon and Barra. At the end of the year, the Mary River will be a NET FREE zone.

You can come up for the Fishing Festival weekend only, but we usually head up earlier to explore and fish.

Recently, a mate of mine headed out to chase some Snapper but, unfortunately had some outboard issues. He got a tow back to the ramp from the coast guard, and guess what.... he still had the flushing earmuffs on the motor. This is the second person I know that have made this mistake. So, take this as advice, particularly if you have a black outboard.

Fishing report – Young Sam has been Bass fishing in Kurwongbah Dam on soft plastics with great success. Most of the Bass have been in the 40 to 50 cm bracket.

Weighmasters Report

August 2023

Our AUGUST ***Weigh-in on Sunday*** and Barby was excellent .

Offshore fish of the month for Amberjack wasn't claimed so jackpots next month to \$100.

Inshore fish of the month for tailor – none weighed but smaller models were caught, also jackpots .

“Heaviest Other Species” Flathead- and \$50 going to Mick King.

The August nominated species are parrot/tusk fish for \$100 and Flathead for \$100

Who can beat Mick????

It's been a great year as a club, A new QGFA record for sword fish and finished strong in Ansa with 4 members in the top 35, one in the top 20 anglers for the state, the club finished 4th on the Ansa Leaderboard – well done!!

Not a lot happening offshore but with the closure finishing 15/8/2023 for pearl perch and snapper things should fire up.

Whiting and flathead have been plentiful around the mouth of Caboolture River and the cockle banks.

The weather looks good for the weekend so should be a great weigh -in on Sunday, remember weigh in is between 3.30-4.30

See ya at the weigh-in on *Sunday!!*
