January Report

Happy New Year Fishos,

Hope you have had a chance to get out on the wet stuff and chase some fishys.

In the Champion Club category, we are sitting in 5th position with 34 species to our credit. Now is the time of year we can rack up a few of the summer pelagic species.

Jesse Harbourne is still on top in the Junior Champion Angler category.

PLEASE NOTE – Change of dates for the Sth Qld Interclub Challenge to be run at Bjelke-Peterson Dam. The Interclub will now be held on the 19th-21st April. Our club will be chipping in with some funds to help cover members camping costs. This is to encourage participation. There is a very important trophy on the line and the more people fishing from our club the more chance of a win.

I had a look at the bucket list and currently Noel Day has the highest tally from our club with 72 species. Not sure how many more the old fella has in him.

I recently received my record certificates from ANSA QLD and ANSA National, for my 840mm Saratoga, caught and released in Somerset. My first National record. Chuffed I am.

Personally, last year I caught some cracking fish. It wasn't all luck either. While a lot of you were watching Netflix, I put in some big hours and fished hard at times. I should keep a tally. I caught some big Threadfin, heaps of Toga, 1 Jack, some Barra, heaps of Flathead and many other fish. I like to start each year with a new bucket list species, but not sure what that is at this moment. Maybe a Sailfish.

Early reminder - QLD Statewide Species Challenge is on the May Long Weekend. Last year we only accumulated 11 species and finished in 6th place. I think Noel was our highest scorer again with 9 species. Looking for an improved effort this year fishos.

Weighmasters Report

January ,2024

Congratulations, to all that fished our weekend.

The weather was fair and light winds around 10knts for most of the weekend, offshore species were wahoo *none weighed*, so jackpots next month to \$100

The inshore species for December were bream, , Carlos taking the \$200.

Other Species weighed were bream flathead and tarwhine, but new member Bernie took out the other species with a flathead. Great effort guys

This month's club weekend fishing comp species are mackerel @ \$200 and Dart @ \$50, club weekend being Friday 12th-.starting at 4pm and finishing at the weigh in on Sunday 14th at 430pm.

Reminder club record all tackle length mackerel- none recorded.

Reminder club record all tackle length for dart (at time of printing)– 410mm.

Offshore report - There has been a few black marlins in the trench, and around cape Moreton a few sails off Noosa and reports of a couple of Blue Marlin out wide. Dollies still being caught around the fad N/E of Hutchies, Let's hope they show up for our Australia day comp!!

Inshore - There are still plenty of flathead and whiting around the local areas, and some mackerel showing up in the Bay just not in numbers, after the recent rain events try cast netting for prawns and we will start seeing the larger snapper moving along the front of Redcliffe,

Safety reminder – please check the swell heights from the offshore wave rider buoys if venturing offshore, just google Brisbane wave rider buoys, over 2metres - forget it!!

WOW, so many great fish , Ing stories ,make sure you're at the **weigh in on Sunday** ,

Happy New Year , Neil
